

# Youth Action Mini-Grants

Educational Matching  
Mini-Grants:

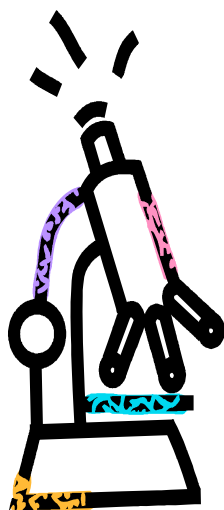

**Imagine:** Kids in our after school programs come up with some great ideas, if only they had the extra money to implement them!

Kids wonder, what if we could build a garden and plant seeds? What if we earned a prize for reading more books? What if we had a microscope to look at bugs, or had computer software to play math games?? What if we could make their own cook book?

**Imagine:** Kids earning B averages or better in school, more teens graduating high school, more young people attending college successfully.

With your support, these BIG dreams can come true for families supporting themselves on very low wages !

Along with Community HousingWorks, YOU can help these kids put their creative projects into action! By donating to the **Youth Action Mini-Grant** program YOU will be funding small after school educational projects developed by youth that will encourage learning and enrich their education and development.

**Imagine!** YOU can make the difference in a child's education by donating to this exciting new program.
